The 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies

GeTID&teh 2016

The 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies - GeTID&teh 2016 was held and organized (21st-23rd of October) by The Faculty of Technical Studies, University of Travnik in association with the Faculty of Technology and Metallurgy, University of Belgrade, Faculty of Graphic Arts, University of Zagreb and University North.

Speakers at the Symposium were eminent university professors and experts who during these two days of the Symposium held series of lectures and meet participants with the prestigious projects, their own experiences and excellent ideas.

Izjava za medije –
premijer Vlade SBK/KSB

The Protocol at the Opening Ceremony has started with the welcome address of the officials. Sir Zoran Matošević, The Assistant Minister for Education and Science of Middle Bosnia Canton, pointed out the importance of such an event for Canton and education in general. Knowledge and experience exchange provides a huge benefit for students as well as for a local community.

The Protocol at the
Opening Ceremony
has started with the
welcome address of
the officials.

President of the Organizing Committee dr. Amra Tuzović initially thanked the media that follows the activities and work of the Faculty of Technical Studies. She said that this year the focus is on Graphics Technology and Design, and that GeTID&teh 2016 is now separated from the Architecture, Construction and Safety and Protection at Work. Therefore, for those fields a special symposium will be held in May next year.

Opening Ceremony
International
Scientific Symposium
GeTID&teh 2016

Speakers at the Symposium were eminent university professors and experts who during these two days of the Symposium held series of lectures and meet participants with the prestigious projects, their own experiences and excellent ideas.

Prime Minister of the Government of Middle Bosnia Canton, sir Tahir Lendo congratulated the University on organization and pointed out that this Symposium is already a distinctive event and that by time it is gaining in importance. Faculty of Technical Studies for sure has new visions for future actions.

Sir Admir Hadžiemrić, the Municipal Mayor of Travnik,

expressed his pleasure for attending the Symposium and emphasized that Travnik is not as it once was, by virtue of the faculties that use the potential for a variety of activities, what, exactly, shows the Faculty of Technical Studies. Travnik becomes a place of exchange of knowledge and technology, with the help of the University of Travnik.

DAY 1

Friday, October 21, 2016

The Opening Ceremony of the 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies GeTID&teh 2016

The 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies GeTID&teh 2016 was officially opened in the presence of numerous guests, representatives of the academic community in our country and the region, representatives of business, political and public life.

This year's GeTID&teh was organized by the Faculty of Technical Studies and with the support of University North, Faculty of Technology and Metallurgy, University of Belgrade and Faculty of Graphic Arts, University of Zagreb.

On behalf of the co-organizers, the guests were addressed by professor Damir Vusić (The University North – Department of Electrical Engineering), professor Klaudio Pap (Dean of the Faculty of Graphic Arts, University of Zagreb) and professor Predrag Živković (Faculty of Technology and Metallurgy, University of Belgrade).

*Doc. dr. Amra Tuzović,
predsjednica Organizacionog
odbora GeTID&teh 2016*

The protocol part was intended for the welcome address of professor Amra Tuzović. She pointed out that this year's GeTID&teh has slightly altered concept. In fact, the point is that GeTID&teh is focused on Graphics Technology and Design, as it was before and therefore it is separated from the Architecture, Construction and Security, Safety at Work. Since there is a huge public interest for those fields, as well as due to the specifics of scientific fields, they need to be independent. Iz Privredne komore SBK gostima se obratio gosp. Asim Gradinčić pohvalivši ovaj impozantni skup te čestitavši organizatorima na trudu, radu i organizaciji.

Rector of the University of Travnik professor Rasim Dacić pointed out the importance of this and similar symposiums for the Faculty of Technical Studies as well as for the University of Travnik.

The guests were addressed by the President of the Scientific Committee, professor Hrusem Smailhodžić who emphasised that GeTID&teh has already become a recognizable tradition and therefore the Faculty of Technical Studies is becoming recognized in the academic world.

Prof. dr. Damir Vusić – Department of Electrical Engineering, University North

Prof. dr. Klaudio Pap, Dean of the Faculty of Graphic Arts, University of Zagreb

Prof. dr. Predrag Živković, Associate Professor, Faculty of Technology and Metallurgy, University of Belgrade

From the Chamber of Commerce of Middle Bosnia Canton, the guests were addressed by Asim Gradinčić who has commended the Symposium and congratulated organizers on work, effort and organization.

From the representatives of public and political life, guests were addressed by Zoran Matošević – the Assistant Minister of Education and Science and additionally Admir Hadžiemrić (The Municipal Mayor, Travnik) and Tahir Lendo (The Prime Minister of the Government of Middle Bosnia Canton), who has officially declared the Symposium GeTID&teh 2016 open.

Mr. Zoran Matošević, Assistant Minister of Education and Science

Mr. Admir Hadžiemrić, Municipal Mayor, Travnik

Mr. Tahir Lendo, Prime Minister of the Government of Middle Bosnia Canton

The students from Music School „Jakov Gotovac“, Novi Travnik had a musical performance. Marko Plavčić – Accordion and Domagoj Martinović – Clarinet with piano accompaniment – professor Andrijana Lončarević

After The Opening Ceremony, the Welcome Cocktail was organized for guests and participants in the restaurant.

Marko Plavčić, Music School „Jakov Gotovac“, Novi Travnik

Invited Speakers from HEIs

Presentations of universities and faculties in the region that have study programs of graphic engineering and design

After the Opening Ceremony, invited lectures were presented by prominent scientists and experts in the field of Printing Technology, Design and Information Technology from Higher Education Institutions, both from our country, as well as from the region, who, through presentations and short promotional films presented their universities and colleges, courses and work and activities. Among universities, guests and participants were presented: University North - Varaždin, Faculty of Graphic Arts, University of Zagreb, Faculty of Technology and Metallurgy, University of Belgrade,

Faculty of Graphic Arts,
University of Zagreb

Faculty of Technology and
Metallurgy, University of
Belgrade,

University North
Varaždin

Faculty of Natural Sciences
and Engineering, University of
Ljubljana

Faculty of Technical
Studies, University of
Travnik

International University
of Novi Pazar

Day 2

Saturday, October 22, 2016

The working part of the second day started with the lectures divided into three conference blocks. The first thematic section was based on themes, experiences and practices from the world of Graphic Management and Entrepreneurship. The second thematic section included topics from the field of Graphic Design and the third one from the field of Multimedia and IT.

The working part of the second day of the Symposium was opened by professor Darko Babić from The Faculty of Graphic Arts, University of Zagreb with the topic „*Quality Control in Bookbinding – A different perspective*“. About GeTID&teh and the idea of connecting designers and graphic artists in Travnik as a place of knowledge and technology exchange, for Grafx he said: *“I have always tried, and I am trying today to somehow suggest and encourage that, since I was there from the first day of the establishment of the Faculty of Graphic Arts and I’ve always wanted for you to merge that “Graphic Sense”, both from Bosnia and Herzegovina and from the region.”*

Paper „*Modern Methods of 3D Printing: Challenges and Perspectives*“ was presented by professor Predrag Živković from the Faculty of Technology and Metallurgy, University of Belgrade. As one of the co-organizers, for Grafx magazine he said: *„This year’s GeTID&teh is at a high level, as it was before. I must say that we have successfully made a plan for future, we set ourselves some goals and I hope that we will successfully implement them.”*

Professor Nikola Mrvac from the Faculty of Graphic Arts, University of Zagreb, held a lecture titled *“Web Tools for Competencies Development”*. For the Grafx magazine professor Mrvac pointed out the importance of this year’s GeTID&teh and its features compared to the one that was organized for the first time in 2008 and said: *“As you know, today a lot of things have changed, in the field of Technique. Within a year the amount of world knowledge is almost doubled. In this regard, the presentation has so many novelties as there were last year.”*

Prof. dr. Darko Babić

Prof. dr. Predrag Živković

Prof. dr. Nikola Mrvac

Mr. Zoran Gazibarić

Mr. Zoran Gazibarić this year attended the Symposium on behalf of the company Print GS, Printing Office, Travnik. His presentation was dedicated to the organization of Graphic Production, challenges and solutions. *“From my point of view, what is an area of interest is the organization of production because it is very challenging since the market is disorganized, and we have to respond to many requests where products are complex and colorful.”*

During the second day of the Symposium companies from Bosnia and Herzegovina, Carlos signs from Prijedor and Alim from Visoko had presentations. Slobodan Baltic Bobby (Carlos signs – Prijedor) talked about the history of Roland DG and plans for the future. Alija Šahinović (Alim – Visoko) presented the topic “The experience and good practice” in the Graphic Arts.

Mr. Slobodan Baltić Bobby

Mr. Alija Šahinović

From the Chamber of Commerce of Bosnia and Herzegovina, participants and guests were addressed by Ms. Šemsa Alimanović who spoke about the wood sector in the Federation of Bosnia and Herzegovina, pointing out that the wood and strategic sectors in the FBiH are the only sectors that have a surplus in the Federation. From the Foreign Trade Chamber of Bosnia and Herzegovina guests were addressed by Mr. Anto Bilić who spoke about the „*Development of Graphic Industry in Bosnia and Herzegovina.*“

mr. Šemsa Alimanović

Mr. Anto Bilić

After the first conference block a lunch break was organized for all participants after which was followed with the second conference block.

Ivana Pavlović

Ivana Pavlović from the Faculty of Graphic Arts, University of Zagreb presented the topics *“Technical and Creative Aspects of HDR Photography”* and *„Perception of Photographic Image – Changes in The Channel Values“*.

doc. mr. Enis Čišić

Haris Jusović, grafički dizajner

Enis Čišić, the graphic designer, illustrator and cartoonist who is currently working for Marvel comics, one of the two largest companies in the world of comics and has a long experience in the advertising industry, working as a Motion Graphic Animator. The guests were introduced to the theme of *“Experience, Inspiration, Motivation.”* The last participant in the second thematic section, Haris Jusović – Graphic Designer presented the topic *“Design - Education, Frustration, Affirmation, Reputation”*.

Dr. sc. Ante Rončević

The third thematic block was opened by professor Željko Mladenović from the International University of Novi Pazar, who has addressed the audience via Skype and spoke about the topic *“The Basic Technical Requirements For The Use of Subliminal Messages For Marketing Purposes.”* Professor Ante Rončević from the University North – Varaždin, presented the topic *„Non-Financial Reporting in the EU Countries Companies“*.

Dr. Salim Ibrahimefendić, professor at the Faculty of Technical Studies, presented the topic *„Development of Technological Processes and Plants in Pulp and Paper Production“*.

Prof. dr. Salim Ibrahimefendić

Refik Umihanić, prof.

Refik Umihanić, professor of Physics at Mješovita srednja škola Travnik presented his paper *„The Future of Information Exchange“*.

In a conference block intended for student work audience was presented third year student of the Faculty of Education, University of Travnik Ahmed Palić on *“Application of CAD / CAM systems in the industry.”*

Ahmed Palić, student Edukacijskog fakulteta Univerziteta u Travniku

VIP Conference Block

Sastanak dekana, predstavnika fakulteta i privrednika

What marked the second day of the Symposium is the event *“Meeting with Deans, Faculties’ Representatives”* about the activity *“Meeting Erasmus + 2017”*. On this occasion, they exchanged information and experiences that would be helpful in the realization of this project. The project would be done in the field of Capacity Building in Higher Education (CBHE) as one of the key action in the framework of the Erasmus + program.

The Closing and Certificate Award Ceremony

After the presentation of papers on the second day of the 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies the Closing – Certificate Award Ceremony was organized in the conference hall of the Faculty of Technical Studies. Participants were addressed by professor Amra Tuzović, the President of the Organizational Committee. She thanked the students for successful organization and the participants, guests and faculties co-organizers who contributed to another successful realization of the Symposium. The Certificate Award Ceremony has officially closed the 5th International Scientific Symposium of Graphic Technology and Design, Multimedia and Information Technologies GeTID&teh 2016. All participants were provided with the electronic edition of the Book of Abstracts which contains summaries of all papers.

Special features of the Symposium GeTID&teh 2016

Enis Čišić presented his exhibition

In the conference hall of the Faculty of Technical Studies Mr. Enis Čišić presented his exhibition. He is the author of numerous cover illustrations for local and foreign musicians as well as a large number of comics and illustrations published in the region and in the world, and is currently working for Marvel comics, one of the two largest companies in the world of comics. Among these works, we should highlight the comic adaptation of the story of Karim Zaimović - made from a screenplay by Alexander Brezara *“The Secret of Nikola Tesla”*. Strip was published in the American Journal of Literature Mass Review and nominated for a Pushcart Prize - the most important independent award for poetry in the United States.
